

專案質詢

8-1-8-0594

立法院議案關係文書 中華民國101年4月18日印發

案由：本院羅委員淑蕾，針對加拿大官方旅遊報告指出我國市區交通擁擠、道路行駛危險，重創我國形象，恐影響加國民眾對台灣的觀感，以及來台旅遊的意願。爰此，主管機關有必要對加拿大提出澄清，並嚴格審查我國道路行駛品質與行人權利，特向行政院提出質詢。

說明：

- 一、加拿大外交與國貿部官方網站上的台灣旅遊報告（Travel Report for Taiwan）指出，台灣人駕駛習慣較差，開車、騎乘機車危險；路況不佳，路人不守法，導致意外事故頻傳；機車在車流中穿梭，行人過馬路時務必小心；山區道路狹窄，年久失修。原文如下：

Traffic congestion is severe in urban areas.

Driving habits in Taiwan are often more erratic and reckless than in Canada. Driving or riding motorcycles is dangerous and should be avoided, even by experienced motorcyclists. Substandard road conditions and local disregard for traffic laws result in frequent accidents. Several foreigners have been involved in accidents that caused serious and even fatal injuries. Motorcycles and scooters weave in and out of traffic. Pedestrians should always exercise caution when crossing the road. Those planning to drive a vehicle or a motorcycle in Taiwan should remain aware of their surroundings at all times while driving. Mountain roads are narrow, winding, and poorly banked.

The use of cellular phones while driving is strictly prohibited.

Taxi drivers tend to speak little or no English or French and it is recommended that you have your destination written in Chinese.

- 二、據報載，交通部觀光局對此回應是誤會一場，但畢竟該報告刊登於加拿大官方網站，恐毀損台灣的國際形象，因此建請觀光局應主動向加拿大外交與國貿部理解情形，若報告所指屬實，便研擬改進方針，若為誤植或誇大，則應呼籲加拿大修正錯誤內容。
